Vide **Answer to Question No. 288.**

Huzur Cutcherry,

R. O. C. No. 1002 of 1924/Revenue.

Trivandrum, 18-7-24/3-12-99.

To

The Conservator of Forests,
Travancore.

Sir,

With reference to your letter R. O. C. No. 242/Mis. 98, dated the 17th June 1924, regarding the disafforestation of dry lands around the swampy areas ordered to be thrown out of the reserves in the Peermade and Changanacherry taluks, I have the honour to inform you that the object of having a narrow belt of dry land around the swamps is not only for the provision of homestead, farmstead pasture, etc., but also for the prevention of inroads of animals such as deer, pigs, etc., which eat away the crops raised by the settlers. In the circumstances now explained by you, Government generally accept your suggestion that the area of the belt should not exceed one-fourth of the area of the swamp subject to this limitation viz., that a belt of land should be provided around the swamps wherever possible without serious prejudice to the interests of forest conservancy. The exact width of such areas to be set apart in future cases should be reported by you.

2. In the case of the disafforested swamps in the Peermade and Changanacherry taluks were alone the disafforestation of additional strip of dry land has been sanctioned hitherto, I request that you will be so good as to arrange for the actual area of the belt to be set apart being marked out by the Divisional forest Officers concerned with due regard to the interests of forest conservancy and the principles enunciated in paragraph 1 above and reported to Government. On receipt of your reply, the G. O's sanctioning the disafforestation of lands from the two taluks will be suitably modified.

I have etc.,
R. KRISHNA PILLAI,
Chief Secretary to Government.
